## Application for Financial Aid from AFA's Play It Forward Fund

We strongly encourage the parents/guardians of the applicant (or for them to fill it out together with the applicant) to complete this application in order to provide **complete and accurate** information.

We believe that financial hardship should never be a barrier to attending an AFA program. Financial aid is intended for applicants with a genuine need and for those who would not be able to attend without such support. Financial aid ranges in amounts from 10-90% of the program tuition and is considered on a case-by-case basis according to the information provided on this application and availability of funds.

*An applicant's audition for a program is not considered as part of this application and does not influence financial aid; similarly, the information on this application is confidential and will not be used in making admission decisions.*
